

Dear Local Residents and Businesses,

As part of our commitment to provide effective communication to local residents and businesses concerning events and their impact in the Auckland region, we are pleased to be able to provide you with a schedule of events planned for your area between November 2015 and April 2016.

We hope that this schedule will enable you to plan to enjoy and engage in each event and to manage any impact on your usual routine.

The events listed are all of those that we are aware of at this time, however additional applications to hold events in your area may continue to be received and facilitated in future.

Each event listed and any new events are required to notify potentially affected residents via letterbox drop a minimum of two weeks prior to the event. These notices should provide you with an opportunity to engage with the event organiser to discuss concerns specific to you. Event organisers are required to facilitate access to property or access for customers as far as safety allows.

Please note that the details of road closures may change during the planning process. Confirmed information on changes to the roading environment including changes to bus routes will be available through the Auckland Transport website [www.aucklandtransport.co.nz](http://www.aucklandtransport.co.nz) closer to the time.

If you would like to find out more about the events in your area please refer to Auckland Council's website at [www.aucklandcouncil.govt.nz](http://www.aucklandcouncil.govt.nz). Major event information can be found on [www.aucklandnz.com](http://www.aucklandnz.com). Should you wish to contact our office please call the Auckland Council contact centre 301 0101 or for major events, ATEED (Auckland Tourism Events & Economic Development) contact centre 365 0500.

We sincerely hope that this information and attached forecast of events in your area is of value and will provide you with the necessary information to plan ahead as necessary.

Kind Regards,

Juliette Jones
